## **SUNDT COMPLETES PROJECT AT UNIVERSITY OF NORTH TEXAS**

**DENTON, Texas** (September X, 2019) –Sundt Construction, Inc. ([www.sundt.com](http://www.sundt.com)) participated in a dedication of the University of North Texas (UNT) Biomedical Engineering addition on Thursday, located at the northwest corner of the UNT Discovery Park campus.

“We’re proud of this project and look forward to seeing the outcomes of the innovation and discovery that will take place in these labs and classrooms,” said Sundt Project Manager **Holly Horsak**.

The \$11.6 million project included a 26,250-square-foot addition onto the existing main building at Discovery Park. The project provides much-needed space for the growing biomedical engineering program; the program formerly occupied a small amount of office space within Discovery Park. The new facility adds two large research labs, three teaching labs and three classrooms, one of which will be a tiered auditorium that seats 175 students.

The construction manager at risk project started in May 2018 and was completed in under 12 months in order to welcome students this fall. TreanorHL served as the architect for the expansion.

Sundt has 50 years and nearly \$3 billion of project work throughout Texas, with offices in Fort Worth, Irving, San Antonio and El Paso. The company is currently working on the Denton County Administration Complex Phase III and the new Southeast Recreation Center in Arlington.

### **About Sundt**

Sundt Construction, Inc. ([www.sundt.com](http://www.sundt.com)) is one of the country’s largest and most respected general contractors. The 129-year-old firm specializes in transportation, industrial, building and concrete work

and is owned entirely by its 2,000+ employees. Sundt is distinguished by its diverse capabilities and experience, unique employee-ownership culture and depth of self-perform expertise in eight major trades. Half of Sundt's workforce is composed of skilled craft professionals who, together with the company's administrative employees, enable Sundt to fulfill its mission to be the most skilled builder in America. Sundt has 11 offices throughout Arizona, California, Texas and Utah and is currently ranked the country's 54th largest construction company by ENR, the industry's principal trade magazine.
